WEYMOUTH GAZETTE.

CITIZEN.

EAST WEYMOUTH NEWS.

CONCERNED BETWEEN 27. 1899.

PUBLISHED EVERY FRIDAY BY THE

WEYMOUTH & BRANTREE PUBLISHING CO.

Telephone-Quincy 17-2.

P. O. ADDRESS, WEYMOUTH, MASS.

MANAGERS AND EDITORS:

A. J. BLANCHARD, M. F. HARRIS.

TERMS: \$5.00 per Year.

\$2.50 per 6 months in advance.

Advertisements inserted at the usual rates.

Correspondence and items of news are solicited from all readers of the Gazette. Every one knows of some interesting facts or happenings that others would like to read about.

While we have an efficient corps of regular contributors, there is much of interest in the nature of things, they cannot get. Let your letters in your local paper and print in your town or city, all in making the Gazette more interesting and newsworthy.

ENTERED AT THE POST OFFICE AT WEYMOUTH, MASS. AS SECOND-CLASS MATTER.

FRIDAY, FEB. 17, 1899.

Cancels tonight.

People are anxiously waiting for certain banks to go into liquidation—now banks.

The Gazette office is printing the town reports of Weymouth, Brantree and Cohasset.

Quincy wants to refund its debt. Large amounts are falling due which cannot well be paid. The city's interest in loan amounts in 1898 was \$20,000.

And now a newspaper trust will raise the price of paper. Only another step, each giant consolidation, toward the time when the people will own all the railroads and trusts. It will be a disaster for the government to find them already consolidated, as such as possible.

Next Wednesday is the anniversary of the birth of him who was "first in peace, first in war and first in the hearts of his countrymen" and the day of the celebration of the holding of a public reception on that day. Visitors to the State House on Wednesday will receive a cordial reception by Massachusetts' favorite Governor.

Beyond the limits of the county there has been some adverse criticism of the county commissioners for petitioning the legislature for authority to create a separate building in Dedham for the office of the Register of Deeds and Probate purposes. The best answers to these criticisms is the opinion of those whose business with these departments of the state government, and they are a unit in the view that larger and better quarters are a real necessity. The work in this office has greatly increased in the past few years, and we believe that the county commissioners should have their petition granted—Herald Park Gazette.

Probably the thoughts of the last county building erected in Dedham have not entirely faded away—Quincy Advertiser.

With the prospect of a new county building, need not bring present fears of any repetition.

Old Colony Club.

The members of South Weymouth are invited to meet with the Old Colony Club in the Union church vestry, Thursday, Feb. 24, at 8 o'clock. The subject for the afternoon "Education" will interest all mothers. Miss Helen Rockwood and Mrs. Smith on Education. The subject for the afternoon "Education" will interest all mothers. Miss Helen Rockwood and Mrs. Smith on Education.

High School Notes.

There was no school at the High School as the other schools, the first three days of this week on account of the storm. Yesterday school began again, with less than half of the pupils present as those who live in South Weymouth were unable to come, while many who live in other parts of the town were afraid of the snow. Miss Wheeler and Mrs. Irons arrived yesterday by a very circuitous route being obliged to go by way of Brantree to reach here.

The senior class once more have the pleasure of counting Miss Isora Hender among their number. Miss Hender has been ill since the Christmas vacation and because of the large number absent and it being impossible to prepare the parts, the programme in celebration of Washington's Birthday will postpone to the afternoon until next Friday.

Not since we can remember has a storm been so severe as the one which struck Weymouth on Monday night and Tuesday morning. The storm was so severe that it was impossible to travel in this section of the country as the one we have just witnessed.

On Monday the storm began and all that day and night, and all day Monday, and late into Sunday the snow fell fast and furious, with high gusts, causing drifts to pile up to a height of five or six feet.

Tuesday morning the sun was shining brightly once more, and was well up in the heavens before the task of street breaking and sidewalk clearing had progressed far enough so that teams or pedestrians could get along and all business was practically suspended.

Not a single person, young men and boys, were able to get out of their homes on Tuesday morning. The storm was so severe that it was impossible to travel in this section of the country as the one we have just witnessed.
